LeetCode: <https://leetcode.com/u/Preranavishwakarma/>

OBJECTIVE

Motivated Computer Science student with strong foundation in Java , Data Structures , and OOP concepts , seeking an entry-level opportunity to apply problem-solving skills and contribute to real-world software development while continuously learning.

TECHNICAL SKILLS

Programming Language: Java , C++ , C

Web Technologies: HTML , CSS , JavaScript

Database: SQL

Core Concepts: Data Structures , OOP , DBMS

PROJECTS

Student Management System (Java)

- Developed a console-based application to manage student records efficiently
- Implemented add, delete, and display operations using ArrayList
- Applied OOP concepts like classes, objects, and methods

To-Do List Web Application

- Built a simple task management app using HTML, CSS, and JavaScript

- Implemented add and delete task functionalities
- Designed a simple user-friendly interface

CODING PROFILE

HACKER RANK

- Achieved 5 star in C++
- Achieved 1 star in C

LEETCODE

- Solved 50+ Data Structure and Algorithm problems
- Practiced topics including arrays , linked lists , strings , queues

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science Engineering

Kanpur Institute Of Technology, Kanpur

2023 - 2027

CGPA: 8.35/10

AWARDS AND ACKNOWLEDGEMENTS

- TCS ion YUVA AI for all certificate
- Institutional Award For Excellence (2x)
